

Global Emergency Care Collaborative Newsletter – Summer 2024

Hello!

After a busy few months, we bring you news of our 2024 face to face summer event, and also a link to our February online event for those of you who missed it, along with a heap of new blogs and opportunities to get involved with.

Events:

The Sands End Arts and Community Centre hosted GECCo's annual summer event on 5th July. Interspersed with impressive speakers, the event saw six (yes, six!) carefully orchestrated breakout sessions encouraging discussion and input from attendees on topics ranging from research experiences to bilateral partnerships, ethical dilemmas to debates on the role of advocacy in an EM career. The day ended with a discussion about the future of GECCo over the next five years...watch this space. Rachel Fletcher reminds us of the event detail on our website.

A huge thanks to all our speakers, attendees and the wonderful SEACC team behind the scenes ensuring the day went smoothly.

Remember you can also still catch up with our remote event recording from February- 'Global health back home: the evolving conversation in UK EM'
